DRIVEWAY PERMIT APPLICATION

Applicant _____ Phone No. _____

Address _____

Property Owner _____ Phone No. _____

Address _____

Property involved: Acreage _____ Township road involved _____

Nature of proposed driveway: Residential _____ Commercial _____

Temporary _____ (permit issued for 90 days only) Permanent _____ (permit issued for 1 year)

Include with this application a diagram showing:

- Width of driveway (residential minimum – 10 feet, commercial minimum – 33 feet)
- Proposed location of the driveway (residential – within 3 feet of property line, minimum 150 feet sight distance)
- Materials used in the construction of the driveway
- The course, grade, construction, and drainage facilities (15% maximum grade)
- In case of a temporary driveway, the plan for restoration of the driveway area upon cessation of its use.

This application must be accompanied with a retainer fee of \$75.00 payable to “Jackson Township”. Upon satisfactory completion, a refund of \$50.00 will be returned. Additional fees may be incurred if consultation with the Township Engineer is required.

No construction of a driveway is permitted until a driveway permit has been issued by the Board of Supervisors as provided by the Jackson Township Driveway Ordinance.

This is an application to construct a driveway, not to occupy. The completed driveway must be inspected by a township official before a permit to occupy will be issued.
